

PIERRE ZHANG

STUDENT, PROGRAMMER, LEARNER, INNOVATION-MAKER

COMPUTER SKILLS

- Java, Python, Basic C++, R, HTML, CSS, JS
 - MS Office: Excel, Words, Powerpoint...
 - Google Suite: Google docs, Google maps...
 - Systems: Windows XP, 7, 8, 10, MAC OS
-

INNOVATION SKILLS

- CAD design: Solidworks
- Graphic design & Floor design
- **DIY handwork**

I LOVE DIY things. In grade 12 tech design class, I made a paper "doorlock" and a gaming chair model. The paper made doorlock was not successful: the product was good, BUT it's NOT safe at all!!!

- I made a string hand gun one day when I was in grade 10
 - ∞ IDEAS
-

SPORT AND ART

- Primary School: Basket Ball
 - Middle School: British Soccer, Sketch
 - High School: E-Sports, Designing
- Everything became ONLINE later on...
-

GAMING

- PUBG Mobile:
YouTuber with 12K subs
1 time NA rank #1
1 time NA rank top 10
Tournament Scrims T2 squad Gunner, T3 squad Leader

If you share similar hobbies or interests with me, don't hesitate to contact me through my homepage. Otherwise, although we love different things, it's always nice to make friends eh?

Working in front of a computer could be stressful, but meanwhile happy!

Moreover, exploring other creative hobbies like sketching, painting, or drawing can be an excellent way to unwind and tap into your artistic side. It can be incredibly fulfilling to create something beautiful, regardless of how simple it may seem.

Finally, one more piece of info about me: My personal favorite Tim Horton's coffee is the Double Double
